

Overview

- Title:** Albin O. Kuhn papers
- Call Number:** Coll044
- Creator:** Kuhn, Albin Owings, 1916-
- Dates:** 1950-1980
- Size:** 67 boxes (67 linear feet)
- Language:** English
- Abstract:** Files document Albin O. Kuhn's employment in the University System of Maryland including his involvement with the University of Maryland at Baltimore (UMAB), College Park (UMCP), and Baltimore County (UMBC) campuses. Kuhn served as a professor, administrator, chancellor, and advisor during his tenure and this collection reflects the breadth of his involvement. The development of UMBC was overseen by Kuhn and he served as the campus's first chancellor; both of these roles are extensively covered in this archive. Collection also includes a great deal of information on UMBC history, planning, and campus construction.
- Citation:** Albin O. Kuhn papers, University Archives, Collection 44, Special Collections, University of Maryland, Baltimore County (Baltimore, MD).

Administrative/Biographical Note

Albin O. Kuhn served as the first Chancellor of UMBC from 1966-1972. He earned degrees in Agriculture and Agronomy and served as a professor and head of the Agronomy department at College Park. Kuhn went on to serve as the Assistant to the President (1955-1958) and the Executive Vice President (1958-1965), before being tasked with the responsibility of overseeing the two university campuses in the Baltimore area. Kuhn served as the Chancellor of both UMBC (1966-1972) and the University of Maryland at Baltimore (1966-1979) before being appointed as the Executive Vice President for the University of Maryland System in 1979. He held this position until his retirement in 1982. The library at UMBC was dedicated the Albin O. Kuhn Library & Gallery in 1982.

Scope & Content

Arrangement

This collection has been divided into five series. Only the first two series are fully processed at the folder level; please contact Special Collections for further information.

Series

- I. Pre-UMBC
- II. UMBC years
- III. UMAB and the University Hospital
- IV. Materials relating to the University of Maryland System
- V. Miscellaneous papers and records

Note

The Kuhn papers are divided into 5 series. The first two series of the Kuhn papers contain a great deal of information on the planning and creation of the UMBC campus. Details pertaining to how the land was acquired, projected traffic patterns, campus buildings, the formation of curriculum and a faculty are documented. Information on decisions such as admission requirements, grading policies, and

student discipline are included.

Series A and B contain many of the key documents pertaining to the history of the UMBC campus. In particular, documents on expansion of the University of Maryland System in boxes 4 and 5 and boxes 22 and 23 contain items that relate to UMBC's early days. Box 23 contains a photography album and scrapbook put together by Mrs. Leroy Haile that documents the Stabler Manual Labor School and Farm that stood on the site of UMBC. There are also photographs of the campus under construction and of the first buildings.

Provenance Information

Provenance and Acquisition Information

The papers were accessioned in 1982. Members of the Kuhn family donated several more boxes, items, and photographs in 2010.

Related Collections

President's Office records, University Archives, Collection 50, Special Collections, University of Maryland, Baltimore County (Baltimore, MD).

Processing Note

The Albin O. Kuhn papers were housed originally in the basement of the Health Sciences Library at the University of Maryland, Baltimore. Before being transferred to UMBC the papers were surveyed. They were found to be in disarray and no order was apparent among the papers. Approximately one-half of the papers were labeled file folders. The remainder of the collection, including correspondence, reports, publications, budget and financial statements, were not similarly organized or identified. The decision was made to move the papers to the Special Collections department at UMBC for purposes of locating material pertaining to the founding and early development of the Baltimore County campus. The papers were originally arranged and described in February 1990 by Lori Voskull & Timothy Pyatt. The focus was placed on the first two series due to time and staff constraints. A folder listing is available for these two series only; please contact Special Collections staff for information on the remaining three series.

Descriptive Rules Used

Describing Archives: a Content Standard (DACS)

[Archives Processing Manual: Description \(2015\)](#): The processing manual used in Special Collections for all descriptive platforms, including PastPerfect.

Series II. UMBC years

Date: circa 1965-1972

Extent: 14 boxes

Description: Includes documents relating to the opening of UMBC and Kuhn's time as chancellor. Because Kuhn served as chancellor of both the UMBC and Baltimore campuses simultaneously, there is some overlap and materials relating to the Baltimore campus are also available in this series. Folders are arranged alphabetically by subject.

Folder Title/Description	Date	Box #	Folder #	Additional Info.
